April/May, 2019

### 48th ANNUAL SWAP MEET & CAR CORRAL Sunday, March 24, 2019

*The South Jersey Region, AACA has the greatest members of any club! That was evident by the number of you who came out to help set up and run our annual swap meet on March 23 and 24. All of you have contributed to the success of our region and the success and growth of the old car hobby here in southern New Jersey. We had many positive comments from vendors and buyers. Again, thank you for everything that all of our members contribute!*

*Gary & Chuck*

Our 2019 Swap Meet & Car Corral was one of our best attended swap meets ever. Of course the weather helped to make it even better. The 60 degree weather was wonderful and everyone was happy to get out of the house and check out the bargains. The Car Corral and Tail Gate sections was bigger than ever with so many vendors and shoppers. The buildings were jammed with people shopping.

Our South Jersey Region members were helping in force and made this swap meet the great success that it was.

Our Saturday Set-up Day started with a great breakfast at the Woodstown Diner attended by over 40 members. We started set up at the Fair Grounds around 9 am with more members (about 50+ members) and everyone took part in getting the Fair Grounds set up for Sunday. Saturday was extremely windy and cold at the Fair Grounds, but despite the wind and cold, our great members all made set up go quickly and efficiently.

Setting up one of the buildings, Marven Chin, Ron Scott, Maria Symonds, Hok -Wai Chin, Don Symonds.

Sunday morning started early for many of us. Terry Shelton & Miriam Willis spent the night in their

Chris Green & Ed Counsellor

motorhome by the gate and vendors were coming in during the night and in the am to begin set up. The rest of us arrived between 4 am and 5 am and began getting vendors and car corral people parked.

Ed & Eddie Fuller setting up Tailgate

4-12 Alexandria Chin	5-21 Ray McFarland
4-17 Scott McFarland	5-24 Gary Green
4-20 Mike Orsini	5-29 Elaine Faunce
	5-30 Les Sutton

BIRTHDAYS NEEDED! If you haven't been to a meeting lately and never gave me your birthday, then I don't have it. E-mail or mail your birthday to me so I can make sure it's in the newsletter.

\*\*\*\*\*

## SUNSHINE

Bonnie Green reported that get well cards were sent to Raymond Fischer, Martin Erdner, Edna Norris and Leon Erdner.

April/May, 2019

## PRESIDENT'S CORNER

Terry Shelton

Hello Everyone!

I'm trying not to repeat to much of the meeting.

Absolutely can't thank you all enough. THANK YOU to all of our members & their friends for showing up for one and or both days of our hugely

successful swap meet.. Also for the many, many hours that Gary Green and Chuck Gibson put into the swap meet and to the many others, to many to mention, but you know who you are... that work behind the scenes to make it all happen.

Also, thanks to Mother Nature for some beautiful weather !!

So let's get all geared up & come out for the upcoming events.

I already have one of my Model T's up on the new 2 pole lift getting her ready to fly.

Terry Shelton

\*\*\*\*\*

## FROM YOUR EDITOR

Linda McFarland

Hello everyone! I hope you enjoy the April-May newsletter. I tried to include as much as I could about our Swap Meet. Needless to say it was a huge success, thanks to all of our wonderful members who worked so hard on both days.

Now it's time to get ready for our cruise season.

Our first cruise of the season is our Bobbitt Auto Cruise on Wednesday, April 17th from 5:00-8:00 pm. Our Bobbitt cruises are the 3rd Wednesday each month.

Then on Saturday, April 27th is our Kountry Kitchen Cruise at the Kountry Kitchen Restaurant.

Our cruise flyers are on page 6 of this newsletter and we also have the cruise flyers on our website.

We have scheduled a date for our Morgantown Classic Auto Mall visit on Saturday, May 18th. We will be leaving bright and early for this day trip since they are only open until Noon on Saturdays.

Our Swap Meet Worker Dinner has been scheduled for Sunday, May 19th at 4:00 PM at the Creekside Inn in Woodstown, NJ. We hope that everyone who worked will be able to attend. A sign up sheet will be available at our April and May meetings.

Dust off those cars and get them ready to cruise.

Linda McFarland

## Meeting Highlights of the South Jersey Region Monday, April 1, 2019

The meeting was called to order by President Terry Shelton at 7:05 pm and all stood for the flag salute and pledge of allegiance.

Mike & Sarah Chafardon introduced themselves and were voted in as new members.

Secretary report was read by Gene Hamilton and approved.

Treasurer report was given by Edna Norris. Report and bills to be paid were approved. There was a question raised regarding the monthly cost of our website. Linda McFarland answered this question and the reasoning for this cost.

Sunshine: Gary Green gave Bonnie's report. Get well cards were sent to Edna Norris, Raymond Fischer, Martin Erdner and Leon Erdner. It was also reported that Larry Niedzialek was recently hospitalized and was in attendance at tonight's meeting.

Swap Meet: Gary Green reported that we had a record Swap Meet this year and thanked everyone who helped to make it happen. Chuck Gibson also spoke and thanked everyone. A motion was made and approved to give Hal Wentzell a gift certificate to the Franklinville Inn. Red Oak always donates the dumpster that we use for the swap meet. It was noted that we will need more signage next year to direct folks to the car corral. Gary then noted that we will be having a Swap Meet Worker Dinner on Sunday, May 19th at the Creekside Inn, Woodstown, NJ. Please sign up on the sheet after the meeting if you plan to attend.

There will be a Board of Director's meeting on Thursday, April 11th at 7:00 PM at Hitchner's Furniture.

Auditing of our financial books will be done by Marven Chin and Doretta Scott.

Our Bobbitt Auto Cruise will be Wednesday, April 17th from 5:00-8:00 PM.

Friendship & Food this month will be Thursday, April 18th at the Liberty Diner, 501 Delsea Drive, Clayton, NJ. Marven Chin will make the reservations. We will be researching places in Delaware for Friendship & Food.

The Kountry Kitchen Cruise will be on Saturday, April 27th and our Morgantown Classic Auto Mall tour will be on Saturday, May 18th.

We will celebrate Car Appreciation Day on Saturday, July 13th with breakfast at either the Elmer Diner or Malaga Diner then a tour of South Jersey Classic Autos on Route 40. We will also check into visiting the Bonesaw Brewery that afternoon.

Dave Birchmire noted that our members, Jim & Donna Vertolli and their '58 Pontiac were featured recently on the TV show "Chasing Classic Cars" with Wayne Carini. Jim & Donna had their car in Lake George, New York last year when this was filmed.

Chuck Gibson also noted that he had a lot of model cars belonging to the Rich & Janet Gaunt family. The family wanted our members to please give the models new homes.

It was also noted that the Brandywine Region AACA was having their Swap Meet this Sunday, April 7th at Landenberg PA.

Motion to adjourn was at 8:04 pm.

\*\*\*\*\*

## WELCOME NEW MEMBERS

Mike & Sarah Chafardon  
of Smyrna, DE

## Our 1942 Chevrolet By Chuck Gibson

The second car that my dad owned when he was young was a 1946 Chevrolet Fleetline Aerosedan. Of course, that car was sold for a newer model at the time. Around 1970, dad decided he would like to own another '46 Chevy Fleetline. He began the search and placed "car wanted" ads in hobby publications. After several months, none turned up so he purchased a 1947 Chevrolet woodie wagon that was advertised in the Philadelphia Inquirer.

Less than 2 weeks later, a man from Indiana answered the cars wanted ad but the car was a '42 instead of a '46 (almost the same). Photos were forwarded and there were several

telephone discussions with the owner. The owner agreed to meet us halfway and if dad wasn't satisfied, he would take the car back home. He also guaranteed us that the Chevy could drive back to NJ under its own power and he would leave his tags on it.

On a Friday afternoon in November of 1971 we headed west to Ohio in my mom's 1961 Impala. We arrived at the hotel late in the evening and immediately

spotted the '42 Chevy sitting proudly in the parking lot and we proceeded to examine it with a flashlight. Dad and I were pretty excited because it was exactly as the seller described. The next morning, we met the seller and the car started right up and drove off the trailer. After the financial transaction was completed, we hopped in and headed east into PA on the turnpike with mom and Aunt Betty following in the '61 Impala. I had just gotten my Learner's Permit to drive and was really excited when dad offered to let me drive for a while! When we stopped for lunch, a grumpy old man in a new Lincoln asked where we were headed with the old car. We told him we were

driving it to NJ. He responded "it'll never make it!" Well, much to his dismay, when we exited the PA Turnpike at Valley Forge later that day, there he sat on the side of the road and his new Lincoln had steam coming out from under the hood! Dad blew the horn at him as we waved and drove by!

Some basic history on 1942 Chevrolets: The body was completely redesigned for 1942 and the Fleetline Aerosedan was a new model. The frame and running gear had been upgraded in 1941 and remained the same for '42 with the 216.5 CID 6-cylinder engine and 3 speed "vacuum shift" transmission. The Fleetline was introduced in 1941 as a four door only but the Aerosedan for 1942 was a new two door model. The roof line extends all the way to the rear bumper in a smooth transition. 61,855 units of this model were produced. Of course, World War Two was in full swing in Europe and after the attack on Pearl Harbor and our declaration of war, the auto industry in the USA changed dramatically for four years. The industry was already preparing for this inevitable event, however. By the end of January 1942, basic auto production came to a halt and the auto industry began production for the war effort only. The average citizen could not buy a new car.

Our car was built in December of 1941 at the Los Angeles, CA plant. Chevrolets built after the beginning of January were full "blackout" cars bearing no bright work at all except the bumpers. Our car, however, has some "blackout" trim inside with dark green plastic door handles and window cranks. (We also own a 1942 Chevrolet Blackout which will be the subject of a future article.) Based on a lube sticker found on the driver's door, we believe that the '42 spent most of its working life in the Sacramento, CA area. Apparently, the car was involved in a fender-bender at some point as the right front fender has been replaced with a 1946 fender and there was some paint work on the right rear fender.

*Pictured above are both of Chuck's 1942 Chevrolets on display at the America On Wheels Museum in Allentown, PA.*

## 2019 Swap Meet & Car Corral (Continued)

What a day it was. By 7 am we were having difficulty getting all the tail gate people parked. As you can see by the photo on page 1, they were set up all the way to the fairgrounds parameter by the woods. Car Corral was not much different. There were more cars for sale in the Car

Corral than I have ever seen in the past few years.

Then there was parking. The parking areas filled up quickly and we then had to find more room on the right side of the fairgrounds for parking.

Michelle Hamilton  
collecting parking  
donations at gate.

03/24/2019

Our members did a terrific job parking all the folks who came to shop.

And shop they did. So many folks found bargains and were seen carrying out their finds.

Harry Burton  
directing traffic.

03/24/2019

Larry Irwin  
directing traffic.

03/24

The people continued to come into the Fair Grounds most of the day. The warm weather was a big plus and brought many more folks than we

usually see on years when it has been much colder. Our food and ice cream vendors made out very well and many of the vendors were running out of food because there were so many folks who came out.

Our South Jersey Region members didn't stop all day. After the people and the vendors started to leave starting 2:30-3:00 pm then the "clean-up" crew started. Our job was to leave the Fair Grounds the way we found them. So trash was a big job for everyone and our members really did their part.

It was a long day for all of the South Jersey members who worked so hard to make this Swap Meet a great success. Thank you to everyone who help to make it possible.

Thanks to Bob Thomson who took many of the photos.

## PUTTING HISTORY IN THE DRIVER'S SEAT

New Jersey automobile aficionados invest countless hours and money restoring historic vehicles. Many wish to show off these treasures. But, under current New Jersey law, owners of historic cars can only drive them when they're traveling to car shows, or for educational purposes.

Deputy Speaker John Burzichelli sponsored legislation (A-3123) that would allow historic vehicles to be utilized for occasional travel and pleasure driving. The bill passed the Assembly in the fall. "These automobiles are a symbol of pride, representing American manufacturing, engineering, and ingenuity. I know many New Jersey residents enjoy fond memories associated with historic vehicles every time they pass one of them on the road. As an owner and collector of vintage fire apparatus, I am aware of the money, hard work, and heart and soul historic vehicle owners have invested in their machines. This bill will allow antique vehicle owners to have more freedom and fewer constraints when it comes to enjoying and driving their prized motor vehicles," said Deputy Speaker Burzichelli.

## Atlantic City Showboat Hotel Car Show

By Jim Vertolli

In late September 2018, I was asked to attend the Showboat Atlantic City Car Show and Sales Event hosted by South Jersey Classic Cars. The show dates were from February 7<sup>th</sup> to the 10<sup>th</sup>, 2019. My response without any delay was absolutely I would love to attend.

A week later reality struck home. On the evening of October 3<sup>rd</sup> my show car, a 1958 Pontiac Star Chief, and I were in the wrong place at the wrong time and involved in a three-car accident. Damage to the '58 included replacing a front driver side fender, trim and front grill, among other things.

Thinking ahead, I suddenly realized that I had less than four months to get my car back to show quality. This was a whole other story. Countless hours of locating and receiving parts, working with mechanics and classic auto body guys, and communicating with insurance adjusters.

Long story short, and thanks to the help of some super car club friends, I made it to the show with only a couple days to spare. I was really exhausted and burned out by this time and I can't tell you how much I needed and appreciated the help of good car guys and a understanding wife. Did I tell you that I own a Machine Shop and that during this time I also had to take care of my customers?

Four long months passed, anxious for a car show and simply needing a break, I closed my business for three days and drove my car to the Showboat Car Show on Wednesday, February 6, 2019, one day before the show's opening. A friend of mine had asked the show producer to save me a good spot. Upon arrival, my car was towed in by a golf cart to a promenade area. Here my '58 Pontiac Star Chief and a highly modified 1955 Chevy El Camino sat in a special display area. I set up my storyboard, my 1950s blue Pepsi ice cooler and turned the blue lights on under the hood and dash of my car. At last, I felt whole again!

I have to tell you that this was a really great place to have a car show. The display area was once the casino floor for the Showboat, which is now just a nice hotel on the boardwalk. Beautiful carpeted floors, great space, nice restrooms, plenty of restaurants nearby, lots of people buzzing through — you couldn't ask for more.

I was usually one of the first guys down to the show in the morning and one of the last to leave at night. The show producer Shawn and his crew were always close and asking if anyone needed anything. I have to say, for a first time show he really did an awesome job.

There were only a handful of Pontiacs at the show including a White Trans Am pace car, a red Holman GTO with over 600 H.P. and a pair of Solstice Convertibles, one black and the other red. Most of the show cars were owned by local guys while the rest were for sale by South Jersey Classics, LLC, show host. There were quite a few vendors selling new and used auto parts and others with automotive items like Eastwood Products. I bought five magnetic L.E.D. rechargeable lights for the four guys that helped me make it to the show and one for myself of course.

Food and entertainment were all around us. I ate breakfast and lunch at a little place just beyond where my car was displayed. Here there was access to the boardwalk. One evening I went to the Hard Rock Casino right next door, for a fancier dinner with car show friends. My wife Donna joined me on Saturday and Sunday and we had dinner at one of the restaurants in the Ocean Resort Casino, a short walk away.

There was a shuttle to and from Showboat to the Atlantic City Car Show at the Convention Center but unfortunately I never made it there. I didn't want to leave my car or the miss a chance to talk to the other classic car enthusiasts who visited. I heard the Convention Center show

was better this year than in the past few years. Maybe a little competition had something to do with it?

Thankfully the weather was clear sailing both headed down to Atlantic City and on the return trip. The '58 is back on the road again, hopefully for many more car shows this season.

Looking forward to showing my classic again at Showboat next year.

Jim Vertolli

*Note: Shawn Wark, owner of SJ Classics in Elmer, NJ, was the Showboat car show producer along with his operational partner Ed Van Hee. They had only two months to organize the show. A total of 115 classic cars/trucks participated. Of the 75 cars for sale by SJ Classics, 19 were sold. The show was successful and they are hoping to host another next year.*

\*\*\*\*\*

### RECIPE OF THE MONTH

#### Jewish Apple Cake

Recipe from the kitchen of Linda  
McFarland

3 C Flour  
2 C sugar  
1 C salad oil  
3 tsp baking powder  
1/2 C orange juice  
4 eggs  
Grease and flour cake pan (either a tube pan or a 13" x 9" pan).  
Mix flour, sugar, oil, baking powder, orange juice and eggs together till smooth.  
Mix the sugar and cinnamon together and set aside.  
Place half of the batter in the pan, sprinkle with sugar cinnamon mixture, then layer half of the sliced apples on top of the batter. Sprinkle with the sugar cinnamon mixture. Top the apples with the remaining batter, sprinkle with sugar cinnamon, then the remaining apples and top with the remaining sugar cinnamon mixture.  
Bake at 350 degrees for 1 hour or more till tester comes out clean.  
If baking in a tube pan it will take much longer.

## Something for Everyone Wayne Tuck, Vice President Membership

With the 2019 AACA Eastern Spring National being held here in New Jersey this year it has afforded me the opportunity to talk with many members who have questions about the event.

Questions have included, “Do I have to have my car judged?”, “Can I arrive day of show with my car?”, “Do I have to register a car to participate in other events and tours?”, and a whole host of other queries.

It seems we were able to provide something to please every person’s needs. AACA offers something for everyone in the old car hobby. Whether it’s driving your car on a local tour, participating in a national tour, showing your car in our “driver participation class”, attending our annual convention in Philadelphia, attending a local region monthly meeting, doing research in our world class AACA Library and Research center or just enjoying our fantastic Antique Automobile Magazine, AACA offers something for everyone!

Another benefit that is unwritten is friendship. Enjoying our hobby with others that share the same interests is priceless. The list of friends I have made with fellow AACA members is long. Speaking with a fellow board member a few weeks ago he recalled a quote his father had given him many years ago when he was considering joining AACA. “Join for the cars, stay for the people”. Something for everyone.
