### Hagley Museum Car Show

September 15, 2019

The South Jersey Region was well represented this year at the Hagley Museum Car show. Several members brought their cars out to display. Over 500 automobiles were on display this day. Larry Irwin was our liaison for this show. He and several other members arrived very early to help with parking on Sunday, September 15th.

The weather couldn't have been better, especially since the automobiles were parked all over the Hagley grounds.

Gary Green had been contacted by the Hagley since he was bringing his 1924 Overland. They told Gary that the Overland would be one of the featured cars this day. Gary and grandson Christopher trailed the Overland to the Hagley for display.

Members in attendance were Larry & Marge Irwin, Gary & Christopher Green, Ron & Doretta Scott, Ron & Annette Scott, Steve Brown, Terry Shelton, Gene & Michelle Hamilton, Ray & Linda McFarland, Jim & Donna Vertolli, Ed Counsellor & Linda Viereck and Mike & Melissa Counsellor.

Pictured above and below are some of our member's automobiles and also some of the many automobiles on display.

## PRESIDENT'S CORNER

*Terry Shelton*

Hi Everyone!

It's time to get ready for Hershey. The mecca of all car flea markets and car shows.

Of course, that means getting the old motorhome (1978 Avco) ready to take on the road. This year the motorhome needed a bit more than usual. Starting with new breaks, master cylinder and much more.

Working on our antique vehicles is always a challenge but always fun, especially when we work on our antiques with our friends.

Your President,  
Terry Shelton

## FROM YOUR EDITOR

Hello Everyone!

We really have been having a fun fall season. Starting with our Maryland Tour. We had 16 members attend this tour to Chesapeake City and North East Maryland. We had a fun time touring the back roads.

Saturday, October 5th was our Lew Zane Memorial Car Show at the Elmer Harvest Day. We had 140 automobiles registered and many more that chose not to register. The Zane family provided door prizes and a special trophy and the Harvest Committee provided the trophies for the various categories for the event.

We are looking forward to our Bobbitt Auto Toys for Tots Cruise this month to close our cruise season.

Next month is our St. Michael's Tour. There are still a few rooms left.

See you down the road.

Linda McFarland

## Meeting Highlights of the South Jersey Region Monday, October 7, 2019

The meeting was called to order by President Terry Shelton at  
7:05 pm. There were no visitors or new members in attendance.

Gene Hamilton gave the Secretary's Report. A motion was  
made to accept the report. He then read correspondence received  
from Pennsylvania College of Technology thanking us for our \$500  
scholarship and noting that a young man named David Scagliotto  
had been chosen to receive this award. He is majoring in  
automotive technology.

Edna Norris noted the bills to be paid and a motion was made to  
accept the bills.

Terry then noted that 2 Board of Directors positions are open  
for election. The following are running for a 2 year term on the  
Board: Janet Erdner, Marvin Chin and Ed Fuller. If anyone else  
would like to run for the 2 year Board position, please contact Terry  
or Linda McFarland as soon as possible. Ballots will be mailed this  
month and must be returned no later than October 31st to Doretta  
Scott.

Swap Meet—Gary Green reported that he will have the Wawa  
cards next month for those who worked the March Swap Meet and  
did NOT attend the Swap Meet Worker Dinner.

The 2020 Swap Meet is scheduled for Sunday, March 22, 2020.

Lew Zane Memorial Car Show—Edna Norris reported that 140  
vehicles were registered. The Zane family purchased 10- \$10 Wawa  
cards for door prizes and Napa also provided a goodie bucket of  
auto items for a door prize. The Harvest Committee provided the  
trophies for the various categories and the Zane family provided a  
special trophy for the 2019 Zane's Choice Award, received by South  
Jersey Region member Don Scholes for his 1965 Ford Falcon.

Friendship & Food Night out will be on Thursday, October 17th  
at 6:30 PM at Carollo's Family Restaurant, Franklinville, NJ.  
Michelle Hamilton will make the reservation.

Bobbitt Auto "Toys for Tots" Cruise will be Saturday, October  
19th from 2 PM to 5 PM. Please bring a new unwrapped toy.

Also on the same day the Calvary Hill Church in Glassboro is  
having a Fall Festival and car cruise from 10 am to 2 pm. If anyone  
is available to attend please arrive by 9:30 am.

St. Michaels Maryland tour November 1,2,3, still has a few  
rooms available and you must reserve by October 17th.

October 26th the ARC of Salem County is having a car show  
from 11 am to 4 pm. Registration is \$10.

November 2, 2020, the Millville Army Air Museum is having a  
Veterans Appreciation Day from 10 am to 2 pm. The ceremony and  
speaker will begin around 10:30 am and there will be a free lunch.

There was some discussion regarding having special speakers at  
our meetings and many ideas were discussed.

Gene & Michelle Hamilton noted that Boscovs in Vineland had  
a special Veteran Gift tree for those wishing to purchase items for  
Vets in the Vineland Veteran Home.

Marvin Chin thanked everyone for their cards, calls, texts and  
good wishes during his recent health problems and wanted everyone  
to know how much he appreciates our club members.

Meeting was adjourned at 7:45 pm

## Hagley Museum Car Show (Continued)

The Hagley had several featured cars on display and Gary and Bonnie Green's 1924 Overland was one of the featured cars.

Below is a written history about the Overland by its owner, Benjamin Shimp, Sr.

Ben Shimp, Jr. put the Overland in his garage on blocks in 1978 and it never came out until his widow placed the car at auction in 2015 when it was purchased by Gary and Bonnie.

*This 1924 Overland was purchased in Chicago, Illinois in 1924 and driven to St. Petersburg, Florida by the original owner in 1925. It was stored in his garage that year, on blocks, and remained there until purchased on September 23, 1953 for \$70*

*by Mr. M.C. Simpson of St. Petersburg, Florida. The mileage at that time was 6,181. It was necessary to remove a tree and a fence to get the garage doors open and remove the car. Adding only gas, water and oil, Mr. Simpson was able to start the engine while the car was still on blocks, using the original spark plugs and wires. His only attempt at restoration was to paint the car solid black and to purchase tires.*

*In 1954 the car was purchased by my son, who brought it to New Jersey when he moved here in 1959. Having long been interested in the car, in 1961 I began its restoration, assisted by my son. The car was completely disassembled. All original plate glass was replaced with safety plate. By 1963 the exterior was refinished in midnight blue and black Duco to duplicate the original finish. The only major problem was procuring 31 X 4 straight side tires. The half-finished car was stored until late 1965, when these tires were finally obtained.*

*The interior and top were completed in January, 1966 by Mr. C. Rau of Camden Auto Top. After years of searching for the correct materials, a mohair seat fabric in a pattern very close to original was obtained from Stitt's in Trenton. As the "salt and pepper" velour originally used for the balance of the interior is no longer available, a plain velour was of necessity substituted. This was also purchased from Mr. Stitt, who advised me that this velour was from a lot that had been manufactured in the early 1920's. The floor mat and top materials duplicate the original in color and texture.*

## MARYLAND TOUR

### Saturday, September 21, 2019

South Jersey Region members were on the road again. Our destination was Chesapeake, Maryland and North East Maryland. This was a one day tour and 16 members attended. Those attending were Ray & Linda McFarland, Don & Maria Symonds, Gary & Bonnie Green, Larry & Marge Irwin, Rich & Elaine Faunce, Bill & Valerie Wynne, Larry & Eileen Niedzialek, Ron & Annette Scott.

We started our day with breakfast at The Legend restaurant.

After breakfast we headed for back roads to the C & D Canal Museum. We had a first hand look at how the C & D Canal was built. The C & D Canal is the worlds third busiest shipping canal. We were able to see this first hand as a barge was navigating up the canal just as we arrived. Owned and operated by the U.S. Army Corps of Engineers, this waterfront historic site is located inside the original 18th century pump house that once controlled the water levels in the locks along the first edition of the canal.

Don Symonds was acting museum host

After touring the C & D Canal Museum we traveled a short distance to North East, Maryland where we visited the Upper Bay Museum. This museum was a wonderful collection of artifacts that preserve the lifestyle of the watermen and hunters of the Chesapeake Bay.

After touring the Upper Bay Museum we drove a few blocks to the lovely town of North East and toured their shops. We then had an early dinner at Woody's Crab House where we enjoyed delicious seafood dinners.

# LEW ZANE MEMORIAL CAR SHOW

## October 5, 2019

The South Jersey Region once again helped with the Lew Zane Memorial Car Show at the Elmer Harvest Day on Saturday, October 5th. It was a cool morning, but the weather warmed up quickly.

Several club members started with breakfast at the Elmer Diner. After breakfast everyone went over to Broad Street where the cars started to come in early. Many were already parked before 8:30 am.

Edna Norris together with Valerie Wynn and Michelle Hamilton prepared the show packets during the week and they were prepared for 160 vehicles. Helping at the registration table was, Edna Norris, Doretta Scott, Michelle Hamilton, Marcie Lewis, Linda McFarland and Valerie Wynne. Many of our men help with parking the vehicles.

The Harvest Day Committee provided the trophies and medallions for the show and the Zane family provided door prizes that were given every 1/2 hour.

Over 140 cars registered for the show. But many cars did not register. We estimated that there were at least 150+ cars and motorcycles on display.

## Easy Washing Machine Salesman's Car

Back in the Model "T" Ford days, it was popular to display a product that was for sale on the back of a salesman's car. A coupe or a roadster with the addition of an accessory pickup box or a platform and some signage made for the perfect way to display the goods and keep them in the view of potential prospects. This Ford coupe is either a 1926 or '27 model.

The Syracuse Washing Machine Corporation located in Syracuse, New York was the producer of the Easy Washing Machine between 1877 to 1967. The early machines were hand-powered and as the years passed the Easy washer was powered by either a 1/6 h.p. electric motor or a small gasoline-powered engine at the time this photo was taken.

## 110 Years Ago: Automobile Non-Carbon Gasoline Supply Station

My how things have changed in the last 110 years. This circa 1908 to '12 image taken at a gasoline station located at two West 6th St. in Brooklyn, NY, demonstrates just how primitive early filling stations where. The automobile being re-fueled is a 1911 or earlier White steam car.

This business apparently operated out of a small shack on the side of the street and supplied motorists with gasoline and possibly kerosene. Instead of using a

rubber hose, fuel was dispensed out of a series of iron pipes connected with some type of an adjustable joint that must have leaked (note the funnel and jug on the side of the building.) We do not know exactly what was used to power light above the car, although it certainly looks like it could have been a fire hazard.

### Square Car Tour Bob Parrish Vice President National Awards

Have you ever participated in a square car tour? You may have and not known about it. Every spring our local Region organizes a tour that travels through the back roads in the country. A square car is defined by the general shape of cars of the 1920s – 1930s.

The tour organizer usually leads because they have selected the routes, and detailed route instructions are passed out in case the tour becomes interrupted. The other participants are arranged by the oldest first and sometimes this is a Model T Ford. Other members with newer cars also come, but are placed in order by the car's age.

The tour duration is about 50 or 60 miles, the pace is slower, but the waves from people along the way are gratifying.

The tour always ends at a pre-arranged restaurant for lunch. A good time of fellowship is had by all.

We always invite the local Model A Club to join us and guess what, the Region and AACA usually pick up some new members. Call the tour what you like, but "Square Car" seems appropriate to us.
