## 84<sup>th</sup> AACA Annual Convention

By Linda McFarland

The 84<sup>th</sup> AACA Annual Convention was held on February 7<sup>th</sup> & 8<sup>th</sup>, 2020 in Philadelphia, PA. The South Jersey Region was well represented.

This year the Convention offered many opportunities for guests to attend, including the Trade Show, Seminars, First Lady's Breakfast, Region & Chapters Presidents' Dinner, AACA Library Friday Night Derby, General Membership meeting and National Awards Banquet.

Ray & Judy Fischer once again assisted Mike Jones with a successful Trade Show and Awards Banquet.

Chuck Gibson together with Fred Trusty headed up a successful Region & Chapters Presidents' Dinner.

1976 CitiCar

1934 DeSoto

1908 Studebaker

Ray Fischer was also instrumental in securing the special vehicles for display at the Trade Show.

The 1976 Electric CitiCar, 1934 DeSoto, and the 1908 Studebaker Electric from the Swigart Museum. Prueitt Automotive Restoration also had a beautiful 1957 Oldsmobile on display and Pollock Auto Restoration brought in a beautiful 1912 Model T for display. Ray McFarland assisted Ray Fischer with getting the cars up on to the display floor on Thursday morning and afternoon.

The First Lady's Breakfast held Friday morning was well attended and First Lady, Shirley Carson had her good friend Amy present a display of antique wedding gowns from the late 1800's to the 2000's. She explained each of the gowns, how they were made and how they have changed throughout the years. Judy Fischer and Linda McFarland attended this Breakfast.

Terry Shelton and Ray McFarland attended several seminars on Friday and Saturday. Dave Birchmire attended the Team Captain Judging School seminar on Saturday.

Friday afternoon, a special 45 minute seminar tour was held at the Cathedral Basilica, just behind the hotel. It was well attended including, Sue Birchmire who said they enjoyed the informative and beautiful tour. Everyone who attended said it should be on the agenda again next year. Friday evening President Terry Shelton presented our club's checks to the Library and Building Fund at the Region & Chapters Presidents' Dinner and announced our 49<sup>th</sup> Annual Swap Meet & Car Corral set for March 22, 2020.

## PRESIDENT'S CORNER

*Terry Shelton*

Hi Everyone!

We had a great tour to the AACA Museum in Hershey on February 15th.

We had 25 members attend. It was a wonderful day to drive up to Hershey and see some beautiful automobiles at the museum

We are gearing up for our Swap Meet, March 21 & 22 and hope everyone will be able to help on one or both days. The more folks that come out both days the better. All help is welcome.

Make sure to spread the word to all your friends.

Your President,

## FROM YOUR EDITOR

*Linda McFarland*

Hello Everyone!

So far mother nature has been kind to us. Let's hope March continues much the same.

We are looking forward to a successful Swap Meet and hope all of you can please come out to help on set up day and the day of the Swap Meet. The more we have helping the better.

If you are unable to come early in the morning on Sunday, we could really use folks in the afternoon, preferably around 12 noon. This is when most of the vendors start to leave and we need folks to help with picking up trash left by everyone. We have gloves and long grabbers for picking up trash. Most everyone is gone by 3:00 pm so please arrive by noon.

Remember to send me your articles. I am sure our members will enjoy reading about your favorite experience with your special car.

## NEW JERSEY - Little Known Facts (Continued)

- You know that the state isn't all farmland.
- You know that there are no "beaches" in New Jersey--there's the shore--and you don't go "to the shore," you go "down the shore." And when you are there, you're not "at the shore;" you are "down the shore."
- You know how to properly negotiate a circle.
- You knew that the last sentence had to do with driving.
- You know that this is the only "New" state that doesn't require "New" to identify it (try . . . Mexico . . . York . . . Hampshire-- doesn't work, does it?).
- You know that a "White Castle" is the name of BOTH a fast food chain AND a fast food sandwich.
- You consider putting mayo on a corned beef sandwich a sacrilege
- You don't think, "You're from Jersey? What exit?," is very funny.
- You know that people from the 201 area code are "a little different." -we're great!
- Yes!
- You know that no respectable New Jerseyan goes to Princeton--that's for out-of-staters.
- The Jets-Giants game has started fights at your school or local bar.
- You live within 20 minutes of at least three different malls.
- You refer to all highways and interstates by their numbers.
- Every year you have at least one kid in your class named Tony.
- You know the location of every clip shown in the Sopranos opening credits.
- You've gotten on the wrong highway trying to get out of the mall.
- You know that people from North Jersey go to Seaside Heights, and people from Central Jersey go to Belmar, and people from South Jersey go to Wildwood. It can be no other way.
- You weren't raised in New Jersey--you were raised in North Jersey, Central Jersey or South Jersey.
- Newark is the largest city in the State
- Camden was once known as car theft capital of the nation.

## SOUTH JERSEY REGION TAKES A TOUR TO SEE A DISPLAY OF THE DESIGN AND BEAUTIFUL STYLING OF THE

### CARS

Narrative by Fran Shore, Photos from the album of Maria Symonds

The South Jersey Region of AACA had 25 members enjoying a cold winter day together on Saturday, February the 15<sup>th</sup>, 2020. The camaraderie began with breakfast at the Dutchway Restaurant. Gary and Bonnie Green in their 1957 Chevrolet and our president, Terry Shelton driving his 1936 Ford kept this as an honest antique car event.

We all arrived at the AACA Antique Car Museum in Hershey to enjoy the museum and the museum's Williams-Clyne Gallery which is presently featuring DeSoto. The display, which was guest curated by the *Colonial Chapter of the National DeSoto Club*, features vintage vehicles, along with an array of DeSoto dealer promotional material, magazine advertisements, and memorabilia. We appreciated the beautiful styling, the flash of the DeSoto plus the "fins" that were present with this marque car.

(Continued on Page 6)

## (AACA Museum Tour continued from page 5)

As AACA members, we have free admittance to the AACA Museum at Hershey and all should know also that it is a part of the Smithsonian Museum group. The entire walk through the history of vehicles is enriched with the artwork scenery of our country painted as background for the vehicles throughout the building. It is a wonderful way to travel through the years of the automobile with additional views of an antique mechanics shop, a motorcycle display, a diner from the past, the memory of an outdoor movie theater and so much more. The lower floor features the story of bus transportation while another room is wall to wall display of a fantastic train layout that would be any child's or adults dream. ( I watched a child in that train room and it was magical to see him literally following the trains through tunnels and across bridges and past miniature towns.) *Interestingly the same look was on an adult's face too.* There are artifacts around the museum pertaining to the automobile hobby as well as collections, and a famous sculpture of the New York to Paris race of 1908. You are enveloped in the history of the automobile and some of other transportation through the years.

It is amazing to learn that some "new" automotive concepts were used many years ago.

The museum fulfills its purpose. It carries us back in memories and it educates us as to the progression of transportation and especially featuring the automobile. What a privilege we have to be able to enjoy this as members of a region who enjoy this hobby.

We ended our day together with a supper at Funcks Restaurant where the best part of any tour and any part of this hobby was reflected. That is food of course but most of all the friendships that evolve from this antique car hobby.

Linda McFarland "driving" one of the beautiful Tucker automobiles; OR at least pretending to drive part of one. The South Jersey members making this pleasant wintry tour were: Terry Shelton, Gary & Bonnie Green, Linda & Ray McFarland, Ed Cousellor & Linda Viereck, John & Fran Shore, Chuck Gibson, Ray & Judy Fischer, Richard & Elaine Faunce, Larry & Marge Irwin, Don & Maria Symonds, Joe & Jill Ewell, Scott McFarland, Steve & Jane Brown, Paul Kinsey, Philip Kinsey,

What a great idea for a wintry day. Thank you Linda for getting us together.

### Why Is the New Building Important?

By Stan Kulikowski

Vice President - Regions Eastern Division

By now, I'm sure that everyone has heard about the new building and the capital campaign. As of Hershey, we are about 70% of the way to reaching our goal.

First, we are the largest resource for preserving our automotive history. Our resources do us no good if they are packed away in a dark corner. Our current building and library does not have the space to have all of our materials accessible for research. For some time, I stored some of the materials from the Vintage Chevrolet Club of America in my garage until some space was made available. These materials need to be made available to all of our members to aid in their restoration projects.

Second, we all know that the internet has become a great source of information. But it is also a great source of Misinformation. I have lost count of how many people have claimed to have owned a 1970 Monte Carlo SS454 with a factory 4- speed. There are internet articles that claim that these cars exist, but none of the factory literature supports this claim. Anything can be put on the internet. Also, I'm sure that in your restorations the "experts" have told you "urban legends" of how cars were built and what, in their minds was correct. The only way to truly support the claims is with hard research that our library and its vast collection of factory material can support.

So how can you help? The last 30% is critical to us successfully complete this project. Talk to your regions about making a donation from the region. If every member chipped in, we would be able to quickly achieve our goal. This is YOUR resource ... YOUR pride and joy ... YOUR way to give back to the hobby and preserve it for future generations. Don't let the automotive history be subject to revisionist history. Help us document how our cars were truly built. Please do what you can to support the capital campaign.
