ELMER HARVEST DAY FESTIVAL —LEW ZANE MEMORIAL CAR SHOW

October 5, 2024

We couldn't have asked for a more perfect day for our Lew Zane Memorial Car Show at the Elmer Harvest Day. The weather was perfect and the cars came out in abundance. There were approximately 125 cars and vehicles, including tractors, motor cycles and gas engines.

Our members really turned out in force to help with registration and parking. Michelle & Gene Hamilton did a great job with the award plaques and the wooden nickels with our club information on them. Everyone who registered also received a goodie bag thanks to JC Taylor Antique Auto Insurance.

Pictured above are Michelle Hamilton, Mary Maurer, and Doretta Scott. There were many others who helped with getting folks registered.

PRESIDENT'S CORNER

Ron W. Scott

Greetings from the oval office? At our November meeting, we will announce our two new board members. Thank you to everyone who voted!

Our toys for tots cruise was a success with two huge boxes collected of new toys for the marines to distribute to the kids. Unfortunately, our Gateway Classics Car Show on October 26 had to be rescheduled for December 7. Gateway Classics new building was not ready so it had to be postponed.

We will have a sign-up sheet for the Christmas party and your payment to attend will be collected or you can mail it to Chuck. As always, when you show up at the Christmas party, you will be refunded your money. We are hoping to support at least three or four Sunshine families again this year as we have for many years in the past.

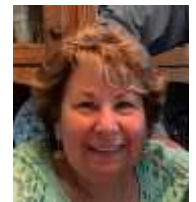

I wish to thank Eileen Niedzialek for serving as our Membership Chairperson for many years and welcome Frank Mauer as our new Membership Chairperson!

We will be having our black Friday, Christmas Santa mailbox event in Elmer and more details will be given at the November meeting. Hope to see all of you next Monday!

Till next time, happy trails!

Ron

FROM YOUR EDITOR

Hello from behind my computer! Well it certainly has been a warm and dry fall. But it has been great for our cruises and shows. Thank you to everyone who helped with our Elmer Harvest Festival annual Car Show in memory of our first President, Lew Zane. We had wonderful weather and a great turnout. But we couldn't have done it without our members help. Thank you. Our Toys for Tots Cruise at Salem County Auto Repair was also very well attended and lots of toys were collected. Thank you to everyone who participated. We are looking forward to the Santa Mailbox Parade on Black Friday, November 29th. We will have more details at our November Meeting. And don't forget our Annual Christmas Party on Sunday December 8th. Please see Page 3 for details.

Elmer Harvest Day Show (Continued)

The Wild AACA Western Divisional Tour (Continued from last month)

Friday July 12th, we started again with the 8:00 AM drivers meeting. The message to drink water was delivered over and over during our visit but today was particularly important since we would be reaching our highest elevation of the trip through the Power River Pass in the Big Horn Mountains, almost 10,000 feet. We were also cautioned about the ups and downs of mountain driving. Frankly, as the driver I was intimidated, not ever having done this before! At least the driving directions were easy. This time we left the parking lot and turned RIGHT. Go up the mountain and then down the mountain. This was going to be the longest drive day, about 250 miles total, and the most challenging. So off we went, and it was a spectacular drive. Yes, it was steep and more than a little scary, but WOW. It was incredible. We got to the top and then down the other side with some serious hairpin turns and crazy grades. Our little car did a fine job.

We passed through this fantastic landscape with some of the most incredibly named places. Like Crazy Woman Canyon Road and Ten Sleep (name of a town). We went through the town of Worland and on to Thermopolis, WY. In Thermopolis we found the Smoking Water Shelter in Hot Springs Park which is where we settled for lunch. Hot Springs Park is exactly what you would think – a park full of hot springs! A pretty setting amid the smell of sulfur. There were several walking paths and bridges to take you around the park to view the different sights. We saw some of the biggest darn carp I have ever seen in my life and a whole flock (or rafter) of turkeys up the hill from our picnic spot. After lunch we took a spin around the park to catch some views of their buffalo herd.

My best buffalo shot.

After we had finished exploring, we hit the road, back the way we came and stopped in the town of Worland for a visit to the Washakie Museum and Cultural Center. This place is more than just a museum. In their own words the facility “serves as a community arts and cultural center and history museum for the preservation, education, cultural enrichment, and development of the Big Horn Basin in Wyoming.” There are two permanent exhibits, the “Ancient Basin”, and the “Last West” which are both full of interesting displays

Giant Carp

covering truly ancient history, (geology and paleontology), up to the 20th century people and activities. There was also a temporary exhibit by artist Kay Wray. Once we finished it was back to the mountain for the ride up over and down! It was just as beautiful going home.

From dinosaurs to saddles at the Washakie Museum

Saturday the 13th was our last day of touring. We had a relatively easy day of activities with the promise of some tasty treats. However, it was our most complicated set of directions! We needed to make a few turns. We were heading to Kaycee, the home of Cowboy singer Chris LeDoux. I had to do a bit of research, but fair to say, he’s a local legend! We made a stop at the Tisdale Divide Historical Marker which tells the story John Tisdale and his murder, which, with other incidents, led to the “invasion” of Johnson County. Our next stop was Yoder’s Country Market for some amazing donuts and a little bit of shopping. I did not know that there was such an active Amish community in Wyoming. Next stop was the TA Ranch Historical Marker with more information about the invasion.

The Wild AACA Western Divisional Tour (Continued from page 5)

On to Kaycee and the Hoofprints of the Past Museum. We were treated to a personal tour by Director Laurel Foster, who had all kinds of facts and stories about the area. The museum has a wonderful collection of ancient history and more modern artifacts. If you go out the back door you will see several historical buildings that are part of the museum including a schoolhouse and a jail. We split up for lunch in the little town of Kaycee and then made our way back to the hotel.

Our farewell dinner was a casual gathering at the Buffalo City Park. It was a wonderful place to finish the tour and spend time with our fellow travelers. We had a wonderful time seeing this part of the country. Myron and Barb Smith, Juli and Tom Aubrey, and Nathan Buss were excellent hosts and guides. They took great care of us! I appreciated the knowledge Juli brought to the experience. She has such a personal connection to Wyoming and her love and pride in her state was apparent. We are so glad

So many kinds of barbed wire! we got to participate in this western Adventure.

Nathan Buss, Barb and Myron Smith, Juli and Tom Aubrey accept the award from Jack Harris

Thank you Maria & Don Symonds for this great story!

Goodbye Wyoming!

Salem County Auto Repair Toys for Tots Cruise—October 16, 2024

The final cruise of the season at Salem County Auto Repair was our Annual Toys for Tots Cruise on October 16th. It was very well attended and the weather was beautiful. Salem County Auto Repair provided fresh popped popcorn and hotdogs for all who attended. By the end of the evening the toy boxes were overflowing. Thank you to Salem County Auto Repair for hosting our cruises. We look forward to April 2025 when we can once again get together on the 3rd Wednesday of the month.
